The trouble with dragons is . . . they're ruining the planet! They're chopping down trees to make way for their houses, fishing out the oceans, eating and drinking everything in sight. It's only a matter of time before the seas rise and the deserts expand, and once that happens, all the animals pack up and leave-except for the

Hi ManishPali, I am seeing similar problems to the original poster using either DNS version 10 or version 11 and Adobe Reader 10.0.1. My experience is that I get the sendkeys errors with version 10 but with version 11 DNS has a tendency to either freeze for around 30 seconds then come back to life or just lock up entirely and have to be killed through the task manager.
